Sec. 14. Procedure for adjustment of taxes after reappraisal or reassessment of property.

(a) Whenever a countywide reappraisal or reassessment of property subject to ad valorem taxes made in accordance with procedures established by the General Assembly shall result in an increase in the aggregate value of taxable real and personal property in any taxing unit in this State of ten percent (10%) or more over the previous year the rate of city or town, county, school district, and community college district taxes levied against the taxable real and personal property of each such taxing unit shall, upon completion of such reappraisal or reassessment, be adjusted or rolled back, by the governing body of the taxing unit, for the year for which levied as provided below. The General Assembly shall, by law, establish the procedures to be followed by a county in making a countywide reappraisal or reassessment of property which will, upon completion, authorize the adjustment or rollback of property tax rates or millage, as authorized hereinabove. The adjustment or rollback of tax rates or millage for the "base year" as hereinafter defined shall be designed to assure that each taxing unit will receive an amount of tax revenue from each tax source no greater than ten percent (10%) above the revenues received during the previous year from each such tax source, adjusted for any lawful tax or millage rate increase or reduction imposed in the manner provided by law for the year for which the tax adjustment or rollback is to be made, and after making the following additional adjustments:

(i) By excluding from such calculation the assessed value of, and taxes derived from, tangible personal property assessed in the taxing unit, and all real and tangible personal property of public utilities and regulated carriers assessed in the taxing unit, and

(ii) By computing the adjusted or rollback millage rates on the basis of the reassessed taxable real property for the base year that will produce an amount of revenue no greater than ten percent (10%) above the revenues produced from the assessed value of real property in the taxing unit (after making the aforementioned adjustments for personal properties and properties of public utilities and regulated carriers noted above) from millage rates in effect in the taxing unit during the base year in which the

millage adjustment or rollback is to be calculated. Provided, further, that in calculating the amount of adjusted or rollback millage necessary to produce tax revenues no greater than ten percent (10%) above the revenues received during the previous year, the governing body shall separate from the assessed value of taxable real property of the taxing unit, newly-discovered real property and new construction and improvements to real property, after making the adjustments for personal property or property of public utilities and regulated carriers noted above, and shall compute the millage necessary to produce an amount of revenues equal to, but no greater than the base year revenues of the taxing unit from each millage source. Such taxing unit may elect either to obtain an increase in revenues equal to the amount of revenues that the computed or adjusted rollback millage will produce from newly-discovered real property and new construction and improvements to real property, or if the same be less than ten percent (10%), the governing body of the taxing unit may recompute the millage rate to be charged to produce an amount no greater than ten percent (10%) above the revenues collected for taxable real property during the base year.

Provided, however, that the amount of revenues to be derived from taxable personal property assessed in the taxing unit for the base year, other than personal property taxes to be paid by public utilities and regulated carriers in the manner provided herein above, shall be computed at the millage necessary to produce the same dollar amount of revenues derived during the current year in which the base year adjustment or rollback of millage is computed, and the millage necessary to produce the amount of revenues received from personal property taxes received by the taxing unit, for the base year shall be reduced annually as the assessed value of taxable personal property increases until the amount of revenues from personal property taxes, computed on the basis of the current year millage rates will produce an amount of revenues from taxable personal property equal to or greater than received during the base year, and thereafter the millage rates for computing personal property taxes shall be the millage rates levied for the current year.

Provided, however, that the taxes to be paid by public utilities and regulated carriers in the respective taxing units of the several counties of this State during the first five (5) calendar years in which taxes are levied on the taxable real and personal property as reassessed and equalized in each of the respective counties as a part of a statewide reappraisal program, shall be the greater of the following:

(1) The amount of taxes paid on property owned by such public utilities or regulated carriers in or assigned to such taxing unit, less adjustments for properties disposed of or reductions in the assessed valuation of such properties in the base year as defined below, or

(2) The amount of taxes due on the assessed valuation of taxable real and tangible personal property belonging to the public utilities or regulated carriers located in or assigned to the taxing unit in each county at millage rates levied for the current year.

As used herein, the term "base year" shall mean the year in which a county completes reassessment and equalization of taxable real and personal property as a part of a statewide reappraisal program, and extends the adjusted or rolled back millage rates for the first time, as provided in subsection (a) of this Section, for the respective taxing units in such county for collection in the following year.

(i) In the event the amount of taxes paid the taxing unit in a county in the base year, as defined herein, is greater than the taxes due to be paid to such taxing unit for the current year of any year of the second (2nd) period of five (5) years after the base year, the difference between the base year taxes and the current year taxes for any year of such five (5) year period shall be adjusted as follows:

Current year of Taxes shall be current year taxes

second period of (5) to which shall be added the

years following percentage of the

difference between the current

year taxes and the base year taxes

(if greater than current year taxes)

1st year 80% of difference

2nd year 60% of difference

3rd year 40% of difference 4th year 20% of difference

5th year and thereafter Current years taxes only.

(ii) If the current year taxes of a public utility or regulated carrier equal or exceed the base years taxes due a taxing unit during any year of the first ten (10) years after the base year, the amount of taxes to be paid to such taxing unit shall thereafter be the current years taxes and the adjustment authorized herein shall no longer apply in computing taxes to be paid to such taxing unit.

Provided, that in the event the aforementioned requirement for payment of taxes by public utilities and regulated carriers, or any class of utilities or carriers for the ten (10) year period noted above, shall be held by court decision to be contrary to the constitution or statutes of this State or of the Federal Government, the General Assembly may provide for other utilities or classes of carriers to receive the same treatment provided or required under the court order, if deemed necessary to promote equity between similar utilities or classes of carriers.

(b) The General Assembly shall, by law, provide for procedures to be followed with respect to adjusting ad valorem taxes or millage pledged for bonded indebtedness purposes, to assure that the adjusted or rolled-back rate of tax or millage levied for bonded indebtedness purposes will, at all times, provide a level of income sufficient to meet the current requirements of all principal, interest, paying agent fees, reserves, and other requirements of the bond indenture. [Added by Const. Amend. 59.]

Sec. 15. Assessment of residential property and agricultural, pasture, timber, residential and commercial land.

(a) Residential property used solely as the principal place of residence of the owner thereof shall be assessed in accordance with its value as a residence, so long as said property is used as the principal place of residence of the owner thereof, and shall not be assessed in accordance with some other method of valuation until said property ceases to be used for such residential purpose.

(b) Agricultural land, pasture land, timber land, residential and commercial land, excluding structures thereon, used primarily as such, shall be valued for taxation purposes under the provisions of Section 5 of this Article, upon the basis of its agricultural, pasture, timber, residential, or commercial productivity or use, and when so valued, such land shall be assessed at the same percentum of value and taxed at the same rate as other property subject to ad valorem taxes.

(c) The General Assembly shall enact laws providing for the administration and enforcement [enforcement] of this Section and for the imposition of penalties for violations of this Section, or statutes enacted pursuant thereto. [Added by Const. Amend. 59.]

AMENDMENT 7.**INITIATIVE AND REFERENDUM**

The legislative power of the people of this State shall be vested in a General Assembly, which shall consist of the Senate and House of Representatives, but the people reserve to themselves the power to propose legislative measures, laws and amendments to the Constitution, and to enact or reject the same at the polls independent of the General Assembly; and also reserve the power, at their own option, to approve or reject at the polls any entire act or any item of an appropriation bill.

STATE WIDE PETITIONS

Initiative - The first power reserved by the people is the initiative. Eight percent of the legal voters may propose any law and ten per cent may propose a Constitutional Amendment by initiative petition, and every such petition shall include the full text of the measure so proposed. Initiative petitions for State-wide measures shall be filed with the Secretary of State not less than four months before the election at which they are to be voted upon; provided, that at least thirty days before the aforementioned filing, the proposed measure shall have been published once, at the expense of the petitioners, in some paper of general circulation.

Referendum - The second power reserved by the people is the referendum, and any number not less than six per cent of the legal voters may, by petition, order the referendum against any general act, or any item of an appropriation bill, or measure passed by the General Assembly, but the filing of a referendum petition against one or more items, sections or parts of any such act or measure shall not delay the remainder from becoming operative. Such petition shall be filed with the Secretary of State not later than ninety days after the final adjournment of the session at which such act was passed, except when a recess or adjournment shall be taken temporarily for a longer period than ninety days, in which case such petition shall be filed not later than ninety days after such recess or temporary adjournment. Any measure referred to the people by referendum petition shall remain in abeyance until such vote is taken. The total number of votes cast for the office of Governor in the last preceding general election shall be the basis upon which the number of signatures of legal voters upon State-wide initiative and referendum petitions shall be computed.

Upon all initiative or referendum petitions provided for in any of the sections of this article, it shall be necessary to file, from at least fifteen of the counties of the State, petitions bearing the signature of not less than one-half of the designated percentage of the electors of such county.

Emergency - If it shall be necessary for the preservation of the public peace, health and safety that a measure shall become effective without delay, such necessity shall be stated in one section, and if upon a ye and nay vote two-thirds of all the members elected to each house, or two-thirds of all the members elected to city or town councils, shall vote upon separate roll call in favor of the measure going into immediate operation, such emergency measure shall become effective without delay. It shall be necessary, however, to state the fact which constitutes such emergency. Provided, however, that an emergency shall not be declared on any franchise or special privilege or act creating any vested right or interest or alienating any property of the State. If a referendum is filed against any emergency measure such measure shall be a law until it is voted upon by the people, and if it is then rejected by a majority of the electors voting thereon, it shall be thereby repealed. The provisions of this subsection shall apply to city or town councils.

LOCAL PETITIONS

Municipalities and Counties - The initiative and referendum powers of the people are hereby further reserved to the local voters of each municipality and county as to all local, special and municipal legislation of every character in and for their respective municipalities and counties, but no local legislation shall be enacted contrary to the Constitution or any general law of the State, and any general law shall have the effect of repealing any local legislation which is in conflict therewith.

Municipalities may provide for the exercise of the initiative and referendum as to their local legislation.

General laws shall be enacted providing for the exercise of the initiative and referendum as to counties. Fifteen per cent of the legal voters of any municipality or county may order the referendum, or invoke the initiative upon any local measures. In municipalities the number of signatures required upon any petition shall be computed upon the total vote cast for the office of mayor at the last preceding general election; in counties, upon the office of Circuit Clerk. In municipalities and counties the time for filing an initiative petition shall not be fixed at less than sixty days nor more than ninety days before the election at which it is to be voted upon; for a referendum petition at not less than thirty days nor more than ninety days after the passage of such measure by a municipal council; nor less than ninety days when filed against a local or special measure passed by the General Assembly.

Every extension, enlargement, grant, or conveyance of a franchise or any rights, property, easement, lease, or occupation of or in any road, street, alley or any part thereof in real property or interest in real property owned by municipalities, exceeding in value three hundred dollars, whether the same be by statute, ordinance, resolution, or otherwise, shall be subject to referendum and shall not be subject to emergency legislation.

GENERAL PROVISIONS

Definition - The word "measure" as used herein includes any bill, law, resolution, ordinance, charter, constitutional amendment or legislative proposal or enactment of any character.

No Veto - The veto power of the Governor or Mayor shall not extend to measures initiated by or referred to the people.

Amendment and Repeal - No measure approved by a vote of the people shall be amended or repealed by the General Assembly or by any City Council, except upon a yea and nay vote on roll call of two-thirds of all the members elected to each house of the General Assembly, or of the City Council, as the case may be.

Election - All measures initiated by the people, whether for the State, county, city or town, shall be submitted only at the regular elections, either State, congressional or municipal, but referendum petitions may be referred to the people at special elections to be called by the proper official, and such special elections shall be called when fifteen per cent of the legal voters shall petition for such special election, and if the referendum is invoked as to any measure passed by a city or town council, such city or town council may order a special election.

Majority - Any measure submitted to the people as herein provided shall take effect and become a law when approved by a majority of the votes cast upon such measure, and not otherwise, and shall not be required to receive a majority of the electors voting at such elections. Such measures shall be operative on and after the 30th day after the election at which it is approved, unless otherwise specified in the act.

This section shall not be construed to deprive any member of the General Assembly of the right to introduce any measure, but no measure shall be submitted to the people by the General Assembly, except a proposed constitutional amendment or amendments as provided for in this Constitution.

Canvass and Declaration of Result - The result of the vote upon any State measure shall be canvassed and declared by the State Board of Election Commissioners (or legal substitute therefor); upon a municipal or county measure, by the County Election Commissioners (or legal substitute therefor).

If your permanent residence address is still the same as the printed address on this postcard YOU MUST CONFIRM YOUR RESIDENCE ADDRESS in order to remain on the voter registration list. If you do not return the attached postcard within thirty (30) days after the date postmarked on this card YOUR REGISTRATION WILL BE CANCELLED and you will have to re-register to vote."

Preamble: The people of Arkansas find and declare that elected officials who remain in office too long become preoccupied with reelection and ignore their duties as representatives of the people. Therefore, the people of Arkansas, exercising their reserved powers, herein limit the terms of elected officials.

Sec. 1. Executive Branch.

(a) The Executive Department of this State shall consist of a Governor, Lieutenant Governor, Secretary of State, Treasurer of State, Auditor of State, Attorney General, and Commissioner of State Lands, all of whom shall keep their offices at the seat of government, and hold their offices for the term of four years, and until their successors are elected and qualified.

(b) The Arkansas Senate shall consist of members to be chosen every four years by the qualified electors of the several districts. No member of the Arkansas Senate may serve more than two such four year terms.

Sec. 3. Congressional Delegation.

(a) Any person having been elected to three or more terms as a member of the United States House of

Representatives from Arkansas shall not be certified as a candidate and shall not be eligible to have his/her name placed on the ballot for election to the United States House of Representatives from Arkansas.

[The Arkansas Supreme Court and the United States Supreme Court held Section 3 to be unconstitutional. See United States Term Limits, Inc. v. Hill, 316 Ark. 251, 872 S.W.2d 349 (1994), affd, ___ U.S. ___, 115 S.Ct. 1842 (1995)]

AMENDMENT 74.

UNIFORM MINIMUM PROPERTY TAX FOR SCHOOLS

(CONST., ART.14, SEC.3 AMENDED; NOT YET CODIFIED)

Sec. 1. Section 3 of Article 14 of the Arkansas Constitution, as amended by Amendments 11 and 40 is amended to read as follows:

"Section 3. School tax - Budget - Approval of tax rate.

- a. The General Assembly shall provide for the support of common schools by general law. In order to provide quality education, it is the goal of this state to provide a fair system for the distribution of funds. It is recognized that, in providing such a system, some funding variations may be necessary. The primary reason for allowing such variations is to allow school districts, to the extent permissible, to raise additional funds to enhance the educational system within the school district. It is further recognized that funding variations or restrictions thereon may be necessary in order to comply with, or due to, other provisions of this Constitution, the United States Constitution, state or federal laws, or court orders.

(1) There is established a uniform rate of ad valorem property tax of twenty-five (25) mills to be levied on the assessed value of all taxable real, personal, and utility property in the state to be used solely for maintenance and operation of the schools.

2) Except as provided in this subsection the uniform rate of tax shall not be an additional levy for maintenance and operation of the schools but shall replace a portion of the existing rate of tax levied by each school district available for maintenance and operation of schools in the school district. The rate of tax available for maintenance and operation levied by each school district on the effective date of this amendment shall be reduced to reflect the levy of the uniform rate of tax. If the rate of tax available for maintenance and operation levied by a school district on the effective date of this amendment exceeds the uniform rate of tax, the excess rate of tax shall continue to be levied by the school district until changed as provided in subsection (c)(1). If the rate of tax available for maintenance and operation levied by a school district on the effective date of this amendment is less than the uniform rate of tax, the uniform rate of tax shall nevertheless be levied in the district.

(3) The uniform rate of tax shall be assessed and collected in the same manner as other school property taxes, but the net revenues from the uniform rate of tax shall be remitted to the State Treasurer and distributed by the state to the school districts as provided by law. No portion of the revenues from the uniform rate of tax shall be retained by the state. The revenues so distributed shall be used by the school

districts solely for maintenance and operation of schools.

(4) The General Assembly may by law propose an increase or decrease in the uniform rate of tax and submit the question to the electors of the state at the next general election. If a majority of the electors of the state voting on the issue vote For the proposed increase or decrease in the uniform rate of tax, the uniform rate of tax shall be increased or decreased as approved. If a majority of the electors of the state voting on the issue vote Against the proposed increase or decrease in the uniform rate of tax, the uniform rate of tax shall continue to be levied at the rate for the year in which the election is held.

(C)(1) In addition to the uniform rate of tax provided in subsection (b), school districts are authorized to levy, by a vote of the qualified electors respectively thereof, an annual ad valorem property tax on the assessed value of taxable real, personal, and utility property for the maintenance and operation of schools and the retirement of indebtedness. The Board of Directors of each school district shall prepare, approve and make public not less than sixty (60) days in advance of the annual school election a proposed budget of expenditures deemed necessary to provide for the foregoing purposes, together with a rate of tax levy sufficient to provide the funds therefor, including the rate under any continuing levy for the retirement of indebtedness. The Board of Directors shall submit the tax at the annual school election or at such other time as may be provided by law. If a majority of the qualified voters in the school district voting in the school election approve the rate of tax proposed by the Board of Directors, then the tax at the rate approved shall be collected as provided by law. In the event a majority of the qualified electors voting in the school election disapprove the proposed rate of tax, then the tax shall be collected at the rate approved in the last preceding school election. However, if the rate last approved has been modified pursuant to subsection (b) or (c)(2) of this section, then the tax shall be collected at the modified rate until another rate is approved.

(2) The tax levied by a school district pursuant to subsection (c)(1) of this section may be reduced pursuant to procedures provided by law if the tax would cause the state or district to be out of compliance with any other provision of this Constitution, the United States Constitution, state or federal law, or court order.

(3) No tax levied pursuant to subsection (c)(1) of this section shall be appropriated to any other district than that for which it is levied.

(d) For the purposes of this section, 'maintenance and operation' means such expenses for the general maintenance and operation of schools as may be defined by law."

Sec.2. Nothing in this Amendment shall be construed to diminish the authority of school districts over the supervision of public schools.

Sec. 3. Any provision of the Constitution of the State of Arkansas in conflict with this Amendment is repealed in so far as it is in conflict with this Amendment.

Sec. 4. This Amendment shall become effective on adoption and shall apply to taxes due in 1997 and thereafter.

AMENDMENT 78

THE CITY AND COUNTY GOVERNMENT REDEVELOPMENT BOND AND SHORT TERM FINANCING AMENDMENT

SECTION 1. Redevelopment Projects.

- (a) Any city or county may form a redevelopment district for the purpose of financing one (1) or more redevelopment projects within the district.
- (b) A city or county which has formed a redevelopment district may issue bonds for the purpose of financing capital improvements for redevelopment projects within the district. The bonds may be secured by and be payable from all or a portion of the division of ad valorem taxes in the district provided for in (d) below. The bonds shall not be considered in calculating debt limits for bonds issued pursuant to Article XII, Section 4, of the Arkansas Constitution and shall not be subject to the provisions of Article XVI, Section 1 of the Arkansas Constitution or Amendments 62 or 65 to the Arkansas Constitution.
- (c) For purposes of this section, the term "redevelopment project" means an undertaking for eliminating, or preventing the development or spread of, slums or blighted, deteriorated, or deteriorating areas, for discouraging the loss of commerce, industry, or employment, or for increasing employment, or any combination thereof, as may be defined by the General Assembly.
- (d) The General Assembly may provide that the ad valorem taxes levied by any taxing unit, in which is located all or part of an area included in a redevelopment district, may be divided so that all or part of the ad valorem taxes levied against any increase in the assessed value of property in the area obtaining after the effective date of the ordinance approving the redevelopment plan for the district shall be used to pay any indebtedness incurred for the redevelopment project; provided, however, there shall be excluded from the division all ad valorem taxes for debt service approved by voters in a taxing unit prior to the effective date of this amendment.
- (e) After the effective date of an ordinance approving the redevelopment plan for the district, no increase in the assessed value of property in a redevelopment district shall be taken into account for purposes of calculating increases in the aggregate value of taxable real and personal property in a taxing unit pursuant to Article XVI, Section 14 of the Arkansas Constitution.
- (f) Any provision of the Constitution of the State of Arkansas in conflict with this section is repealed insofar as it is in conflict with this amendment.
- (g) The General Assembly shall provide for the implementation of this section by law.

SECTION 2. (a) For the purpose of acquiring, constructing, installing or renting real property or tangible personal property having an expected useful life of more than one (1) year, municipalities and counties may incur short-term financing obligations maturing over a period of, or having a term, not to exceed five (5) years. Such obligations may bear interest at either:

- (1) a fixed rate throughout the term thereof, including a fixed interest rate which is to be determined by reference to an index or other formula, but not to exceed the maximum lawful rate of interest for fixed rate obligations, or

(2) a rate which may vary at such times and under such circumstances as the parties may agree, whether or not the interest rate in fact varies, but not to exceed the maximum lawful rate of interest for variable rate obligations. The maximum lawful rate of interest for fixed rate obligations is the formula rate in effect on the date the obligation is incurred, regardless of when such interest is to begin to accrue. The maximum lawful rate of interest for variable rate obligations is the formula rate in effect on the date such interest accrues. The aggregate principal amount of short-term financing obligations incurred by a municipality or a county pursuant to this section shall not exceed five percent (5%) of the assessed value of taxable property located within the municipality or two and one half percent (2½ %) of the assessed value of taxable property located within the county, as determined by the last tax assessment completed before the last obligation was incurred by the city or county. The total annual principal and interest payments in each fiscal year on all outstanding obligations of a municipality or a county pursuant to this section shall be charged against and paid from the general revenues for such fiscal year, which may include road fund revenues. Tax revenues earmarked for solid waste disposal purposes may be used to pay printing and other costs associated with bonds issued under this amendment for solid waste disposal purposes.

(b) As used here:

(1) "Short-term financing obligation" means a debt, a note, an installment purchase agreement, a lease, a lease-purchase contract, or any other similar agreement, whether secured or unsecured; provided, that the obligation shall mature over a period of, or have a term, not to exceed five (5) years;

(2) "Formula rate" means that rate of interest which is five percentage points (5%) above the equivalent bond yield of one year United States Treasury Bills offered by the United States Treasury at the last auction during the immediately preceding calendar quarter, calculated by rounding up to the nearest one-fourth of one percentage point (0.25%) (unless the equivalent bond yield is already by a multiple of one-fourth of one percentage point), and announced by the State Bank Commissioner (or such successor official who may be performing substantially the same duties) from information available from the Federal Reserve System of the United States. The calculation of the formula rate shall be made on or before the tenth (10th) day of each calendar quarter. The formula rate so calculated shall be effective on the eleventh (11th) day of the calendar quarter and shall continue in effect until the formula rate for the succeeding calendar quarter shall have been calculated and becomes effective. If, for any reason, the United States ceases to issue one year Treasury Bills, such calculation shall be made using a debt instrument of the United States having substantially the same general character and maturity. The calculation and announcement of the formula rate by the State Bank Commissioner shall be final.

(c) The provisions of this section shall be self-executing.

SECTION 3. The authority conferred by this amendment shall be in addition to the authority of municipalities and counties to issue bonds and other debt obligations pursuant to Amendments 62, 65, and 72, and other provisions of the Constitution and laws of the state.

SECTION 4. This amendment becomes effective on January 1, 2001.

SECTION 1. (a) After each county-wide reappraisal, as defined by law, and the resulting assessed value of property for ad valorem tax purposes and after each Tax Division appraisal and the resulting assessed value of utility and carrier real property for ad valorem tax purposes, the county assessor, or other official or officials designated by law, shall compare the assessed value of each parcel of real property reappraised or reassessed to the prior year's assessed value. If the assessed value of the parcel increased, then the assessed value of the parcel shall be adjusted pursuant to this section.

(b)(1) If the parcel is not a taxpayer's homestead used as the taxpayer's principal place of residence, then for the first assessment following reappraisal, any increase in the assessed value of the parcel shall be limited to not more than ten percent (10%) of the assessed value of the parcel for the previous year. In each year thereafter the assessed value shall increase by an additional ten percent (10%) of the assessed value of the parcel for the year prior to the first assessment that resulted from reappraisal but shall not exceed the assessed value determined by the reappraisal prior to adjustment under this subsection. For utility and carrier real property, any annual increase in the assessed value of the parcel shall be limited to not more than ten percent (10%) of the assessed value for the previous year.

(2) This subsection (b) does not apply to newly discovered real property, new construction, or to substantial improvements to real property.

(c)(1) Except as provided in subsection (d), if the parcel is a taxpayer's homestead used as the taxpayer's principal place of residence then for the first assessment following reappraisal, any increase in the assessed value of the parcel shall be limited to not more than five percent (5%) of the assessed value of the parcel for the previous year. In each year thereafter the assessed value shall increase by an additional five percent (5%) of the assessed value of the parcel for the year prior to the first assessment that resulted from reappraisal but shall not exceed the assessed value determined by the reappraisal prior to adjustment under this subsection.

(2) This subsection (c) does not apply to newly discovered real property, new construction, or to substantial improvements to real property.

(d)(1)(A) A homestead used as the taxpayer's principal place of residence purchased or constructed on or after January 1, 2001 by a disabled person or by a person sixty-five (65) years of age or older shall be assessed thereafter based on the lower of the assessed value as of the date of purchase or construction or a later assessed value.

(B) When a person becomes disabled or reaches sixty-five(65) years of age on or after January 1, 2001, that person's homestead used as the taxpayer's principal place of residence shall thereafter be assessed based on the lower of the assessed value on the person's sixty-fifth birthday, on the date the person becomes disabled or a later assessed value.

(C) If a person is disabled or is at least sixty-five (65) years of age and owns a homestead used as the taxpayer's principal place of residence on January 1, 2001, the homestead shall be assessed based on the

lower of the assessed value on January 1, 2001 or a later assessed value.

(2) Residing in a nursing home shall not disqualify a person from the benefits of this subsection (d).

(3) In instances of joint ownership, if one of the owners qualifies under this subsection (d), all owners shall receive the benefits of this amendment.

(4) This subsection (d) does not apply to substantial improvements to real property.

(5) For real property that is subject to Section 2 of this Amendment, in lieu of January 1, 2001, the applicable date for this subsection

(d) shall be January 1 of the year following the completion of the adjustments to assessed value required by Section 2.

SECTION 2. (a)(1) Section 1 of this Amendment shall not be applicable to a county in which there has been no county-wide reappraisal, as defined by law, and resulting assessed value of property between January 1, 1986 and December 31, 2000. Real property in such a county shall be adjusted according to the provisions of this section.

(2) Upon the completion of the adjustments to assessed value required by this section each taxpayer of that county shall be entitled to apply the provision of Section 1 of this Amendment to the real property owned by them.

(b) The county assessor, or other official or officials designated by law, shall compare the assessed value of each parcel of real property to the prior year's assessed value. If assessed value of the parcel increased, then the assessed value of the parcel for the first assessment resulting from reappraisal shall be adjusted by adding one-third (1/3) of the increase to the assessed value of the parcel for the previous year. An additional one-third (1/3) of the increase shall be added in each of the next two (2) years. This adjustment procedure shall not apply to public utility and carrier property. Public utility and carrier property shall be adjusted pursuant to Section 1.

(c) No adjustment shall be made for newly discovered real property, new construction, or to substantial improvements to real property.

SECTION 3. The General Assembly shall provide by law for an annual state credit against ad valorem property tax on a homestead in an amount of not less than three hundred dollars (\$300). The credit shall not exceed the amount of ad valorem property taxes owed. The credit shall apply beginning for taxes due in calendar year 2001. This section shall be applied in a manner that would not impair a bond holder's interest in ad valorem debt service revenues.

SECTION 4. (a) The General Assembly shall, by law, provide for procedures to be followed with respect to adjusting ad valorem taxes or millage pledged for bonded indebtedness purposes, to assure that the tax or millage levied for bonded indebtedness purposes will, at all times, provide a level of income sufficient to meet the current requirements of all principal, interest, paying agent fees, reserves, and other requirements of the bond indenture.
